

Ballet

To be a ballet dancer is the dream of many young girls! In the young school-age ballet classes, children will learn a life-long love for dance through the use of props and their imagination, while learning classical ballet vocabulary and technique. In addition, the self-discipline and grace they develop along the way will remain with them for the rest of their life.

Level 1A & B:

Mondays, 5:45-6:30 PM

Level 2A & B:

Mondays, 6:45-7:30 PM

Tap

Tap is the quintessential form of American dance! Since tap shoes are an instrument, children learn musicality and rhythm, as well as dance. (And of course, what child doesn't like to make noise!) Tap is an excellent way for boys to enjoy learning to dance, as many boys already have an innate sense of rhythm. Classes include fun learning with various other percussion instruments.
